

"It's helpful this would be."

1) The Register Now button/link not helpful in moving sign up page, 2) Sign-up screen showing the form with the 'Register Now' button it's feels making not sense, 3) Not showing thanking page

"After Selecting coffee app redirects to choose pick-up time without asking for order quantity."
"After selecting pick-up timing --> My order screen and now I'm understood it's awesome "

After clicking the 'Fulfilled' button does not have a conforming order screen and it's redirecting to main screen

"I think to give the option for multiple days while for regular/multiple day order"
