

Insight Identification Template

Google UX Design Certificate

Project Coffee House

1. Based on the theme that: **for most users, it's not immediately clear how to create a new sign-up**, an insight is: **The users need clear proper label for sign-up and they are confusing with label 'Register Now'**
2. Based on the theme that: **the 3 dot sub-menu is difficult to find for almost all users**, an insight is: **Users need a more intuitive way to access label settings.**
3. Based on the theme that: **Users have difficulty knowing they have done 'Sign-up' & 'Full Filled' orders**, an insight is: **For users, we need more information about the successful message screen after the 'Sign-up' & 'Full Filled' confirmation screen.**
4. Based on the theme that: **Everyone is familiar with the date range picker they requested for multiple-day orders**, an insight is: **To use the date field for the feature for date filled.**
5. Based on the theme that: **most users were unsure how to go to my orders page and know the status**, an insight is: **Add new screens for my orders view page.**
